basic

- Fingering and coordination between left and right hand
- Basic rhythms, melodies and dynamic contrasts
- Fundamentals of music theory and scores
- Chord inversions, scales and arpeggio passages
- Use of sustain pedal and function keys

Upon completion, students should be able to interpret and execute pieces with fluency and accuracy through music charts.

intermediate

- Melodic leaps, tempo changes and rhythmic variety
- Physical and expressive techniques
- Chord melodies, rhythmic fill-ins and melodic decorations
- Sensitivity to vocal line i.e. when to lead and support
- Short instrumental solos and ad lib bars

Upon completion, students should be equipped with a strong command of keyboard, technical control and understanding on chords progressions essential to play-by-ear.

advanced

- Advanced chord substitution, voicing and keyboard effects
- Sight-reading and modulation
- Extended solo sections and ad lib bars
- Chord identification and improvisation through aural training
- Different playing styles i.e. jazz, bossa nova and blues

Upon completion, students should be able to perform confidently without scores, and communicate mood and musical personality effectively.
